## MAKE YOUR OWN ORIGAMI BIRD

Before you get started, ask an adult to help you make your bird.

**Step 1:** Tear off the yellow square and fold it in half diagonally to make an upside down triangle.

**Step 2:** Fold the flat top halfway down the triangle, then turn the paper over.

**Step 3:** Take the bottom corner and fold it up to make two triangles, joined at the flat edge.

**Step 4:** Then fold the left side over to the right.

**Step 5:** Now fold the same flap back to make a wing, and fold the other wing back too.

**Step 6:** Almost done! Just push the centre of the head in and flatten to make you bird's beak.
